Julia Kim

personal site

- 5 html pages

- 5 css pages
  - One main for all pages and one for each sub page

JULIA KIM

```
14    <div class="homePage">
15        <a href="https://juliaykimm.github.io/about.html" class="juliaKim">JULIA
          KIM</a>
16 ▼      <div class="navBar">
17            <a class="head"
              href="https://juliaykimm.github.io/website/about.html">ABOUT</a>
18            <a class="head"
              href="https://juliaykimm.github.io/website/photos.html">PHOTOS</a>
19            <a class="head"
              href="https://juliaykimm.github.io/website/resume.html">RESUME</a>
20            <a class="head"
              href="https://juliaykimm.github.io/website/projects.html">PROJECTS</a>
21        </div>
22    </div>
```

Nav bar
- Class "homePage"
- Class "navBar"
- Each word in class "head"

Make 10vh x 10vh grid

```
 4    |
 5 ▼  .homePage {
 6        display: grid;
 7        grid-template-columns: 10vh 10vh 1vh;
 8        grid-gap: 10vh;
 9        background-color: white;
10        color: black;
11
12    }
13 ▼  juliaKim {
```

    <img class="pics" src="imgs/blurryLights.jpg">
    <img class="pics" src="imgs/parisWindow.JPG">
    <img class="pics" src="imgs/candles.JPG">
    <img class="pics" src="imgs/futureCity.jpg">
    <img class="pics" src="imgs/brooklynBridge.JPG">
    <img class="pics" src="imgs/japaneseBuilding.jpg">

</div>
```
Link all my photos in
a div called gallery

```
<head>
    <title> JULIA KIM</title>
    <link rel="stylesheet" type="text/css"
    href="//cdn.jsdelivr.net/gh/kenwheeler/slick@1.8.0/slick/slick.css"/>
    <link rel="stylesheet" type="text/css" href="slick/slick-theme.css"/>
    <link rel="shortcut icon" href="logo.jpg">
```

Link slick theme and style css sheets

used slick elements to arrange them the way I wanted

```
48          </div>
49          <script type="text/javascript" src="//code.jquery.com/jquery-
            1.11.0.min.js"></script>
50          <script type="text/javascript" src="//code.jquery.com/jquery-migrate-
            1.2.1.min.js"></script>
51          <script type="text/javascript" src="slick/slick.min.js"></script>
52 ▼       <script type="text/javascript">
53 ▼           $(document).ready(function(){
54 ▼               $('.gallery').slick({
55                      dots: true,
56                      infinite: true,
57 //                     speed: 300,
58 //                     slidesToShow: 1,
59 //                     variableHeight: true,
60                      variableWidth: true,
61                      centerMode: true,
62 //                     centerPadding: '2vw'
63 //                     respondTo: slider
64                  });
65              });
66          </script>
67
```
